APPLICATION FOR WATER SERVICE FOR A NEW WATER CONNECTION

Date:
Applicant Name (Property Owner):
Mailing Address:
Home Phone Number: Cell Phone Number:
Email Address:
Description of Location for which water service is required (hereinafter called the "land") <ul style="list-style-type: none">• Legal Land Description: Part _____ Section _____ Twp _____ Range _____ Mer _____ Cert of Title # _____ • Provide detail sketches and site plan of proposed service connection on the forms provided

The Applicant agrees and understands that:

1. The applicant understands and agrees that SYWC Board has the right to determine the method of evaluating, approving or rejecting an application and that their decision is final.
2. Only one (1) service connection per legal land description (location) will be considered.
3. It is understood that the applicant is applying for a Residential connection of a maximum flow rate of 0.5 gpm.
4. The service connection must be installed within one (1) calendar year of the application approval.
5. Within one week of application approval, the applicant must provide a certified cheque payable to SYWC in the amount of ten thousand dollars (\$10,000) as a membership fee. This amount represents the subscriber's share of the current value of the SYWC infrastructure. The certified cheque will be held in trust by the corporation's solicitor until such time as the connection to the residence is complete and installed to SYWC standards and specifications and within the time frame outlined. Failure to comply with the above may result in cancellation of the Application, at the sole discretion of the corporation, with a one thousand (\$1000) dollars administrative penalty being applied and the remaining funds held in trust will be returned to the subscriber.
6. Applicant is solely responsible for all costs of service connection installation, from the main to the residence with the exception of the meter manifold, curb stop and box materials which will be supplied by SYWC. Installation must be in accordance with SYWC specifications, installed by a SYWC approved Contractor and inspected by SYWC.
7. The water service provided is a drip system only and a holding tank and pressure system must be installed in the residence by the owner to provide household water pressure.
8. The Applicant must agree and sign the Subscriber Water Supply Agreement upon acceptance of their application.
9. The Applicant agrees to be subject to all of the Bylaws, Rules and Regulations of the Corporation.

Site Plan

Legal Land Description:

Part _____ Section _____ Twp _____ Range _____ Mer _____ Cert of Title # _____

Using the two (2) attached Forms provide a House Location diagram and a Yard sketch.

- A. House Location: Sketch the existing or proposed yard site and house location outlining its relative location on the quarter section. The Box represents the quarter section the house is located on.

N ↑

B. Yard Sketch: Draw your current or proposed yard layout. Include any buildings, road allowance, driveways, sewage disposal system, shelterbelts, utility lines and any other features. Sketch proposed pipeline routing.

A large, empty rectangular box with a thin black border, intended for drawing a yard sketch. The box is currently blank, with only the north arrow symbol in the top right corner.

*** Application must be made by property owner(s).**
